WINSLOW JUNIOR HIGH

WJHS would like to dedicate our 2016-2017 yearbook to our wonderful custodial and maintenance staff. Thank you for all the hard work and dedication you give our school. We appreciate having clean and well maintained buildings to learn in. We love your school spirit and willingness to help us learn responsibility for ourselves.

Most Memorable Moment;

As your Principal, I can tell you that I can recall many memorable moments, enough to fill up the entire yearbook!

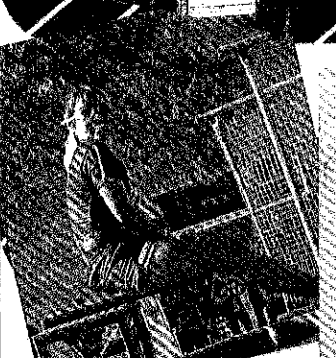

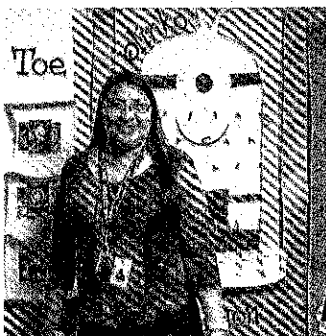

We have had some really great times and some that were not so great but the moments I remember the most are the many times I have seen our students, teachers and parents coming together to support one another. Whether this has to do with a student struggling in a classroom or in life, we have come together as a team to work on solutions, doing what is best. Our ability to collectively approach an issue, sometimes thinking outside of the box or coming up with an unconventional plan is what is most memorable to me. The willingness to set differences aside and respect and value one another's thoughts and

perspectives to create a plan of success for all. Whether we are students, parents, or teachers, this clearly states we have created a culture of caring. My hope for the future of WJHS is that we continue to promote success in our actions and in our outcomes so our children can move forward toward a bright future.

Always remember to do your best.

Respectfully,

Mrs. McCauley

My most memorable moment of 2016/2017 was getting to chaperone the Student Council to the National Leadership Conference in California. Seeing the students get excited about leadership and wanting to carry out the message that was shared by the keynote speaker made me proud to be part of this group of young adults. This trip also gave me the chance to be with so many of these kids who visited Disneyland, Universal Studios and the Pacific Ocean for the first time. To see their pure excitement and joy was a privilege. I was absolutely impressed with

Mr. Winslow was an angel in disguise. He spent many hours with students who were in need of help. Out of all those hours he was with us, he didn't want money for the things that he was doing, he just wanted to see us succeed. He was a blessing to us students, being there for us when we were behind and helping us better understand math. He not only helped our school but was known for his service throughout the district and the community. He is truly missed.
